3. We note that the growth metrics in the second table of page 14 do not appear to be derivable from the “Actual/Forecast” percentages from the first table. Please tell us what this disclosure will look like.
4. In future filings, please disclose how you derived the percentages of the LIC Maximum Corporate Bonuses payable to each officer, as shown in the third table of page 14. Please tell us what this disclosure will look like.
5. Please explain how the Corporate Performance Bonus is properly characterized as non-equity incentive plan compensation, as defined under Item 402(a)(6)(iii) of Regulation S-K. Please refer to Compliance and Disclosure Interpretations – Regulation S-K Question 119.02.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company’s disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
